**RESPONSE TO NOTICE TO FILE CORRECTED APPLICATION PAPERS**

Dear Sir:

The Notice mailed August 13, 2002 has been carefully considered. In said Notice the Examiner found the amendment filed on March 19, 2001 not to be in compliance with the requirements 37 CFR 1.121(b) for failure to include a clean version and a marked-up version of the replacement sections. Accordingly, applicant submits herewith a clean version and a marked-up version of pages 15 and 27 of the specification, which pages clearly show the changes made.

In light of these submissions, applicants believe that this application is now in condition  
for examination.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'James G. Coplit', written over a horizontal line.
